4. Some parting words

Welcome to
The Thompson's Home

Address: 83 Rifle Range Road
Narangba, Queensland

You can reach us by phone: Kayleen: +61 429 055 655
Paul: +61 409 055 655

Please let us know you've arrived and don't hesitate to ask if there's anything you need during your stay!
Please note that some plants and the pool will need your attention during your visit, the details are in section 2.3 below.

Other important numbers for contacts who can help you with home and any local issues:

1. Our friend and local, Karen Westerveld: +61 450432382
2. Our son, Benjamin Thompson: +61 423877394
3. Our neighbour, Dorothy New: +61 448734938
4. Our house sitter, Glenda Bongenaar: +61 401851901

Alternative methods to contact us (Paul and Kayleen)

Email: kayleent3@gmail.com
WhatsApp: +61 429055655

1. WHO WE ARE

1.1 Your Hosts

Paul and Kayleen, Retired, early 60s. Two sons in their 30s

Jocelyn, Ben (son) and Eleanor, live in Brisbane

Dale (son) and Nicci in Melbourne

1.2 A tour of our home

On the ground floor, you'll find

Kitchen

Help yourself to anything you find. Take a look about all the cupboards and drawers. We hope you will find all you need.

There are more appliances in the large cupboard in the laundry.

Tea-towels and dishcloths are in the top drawer in the laundry.

There are some food basics in the pantry, refrigerators, freezers, cupboard under the bench and the cupboard next to the refrigerator. Help yourself to anything you can use.

Our favorite dishwasher setting is "Normal".

Living room

There are **Board Games** etc in the cabinet under the Television. There are also some children's toys in the garage – in boxes as marked.

There is a TV and DVD player and there are some DVDs (movies) in the right-hand side cupboard under the TV.

The large Lounge chair includes 2 reclining chairs (electronic buttons on the sides). Leather Cleaning products are in the Laundry – in overhead cupboard (on the right) - if required.

TV Remotes:
LG remote.

This is for the TV. Use the power on/off button (red top left) to turn the TV on.

Free to air TV. Use the Input button, select Live TV Antenna.

For other services, Youtube, Netflix etc choose the home button.

For DVDs use the SONY remote. Press the green power button, top right. This should cause the TV to use HDMI input 1. Insert the DVD, select play movie from the menu.

Pool Room

Enjoy the Pool Table there are balls for snooker and pool, cues and chalk.
Feel free to use the exercise equipment, you may need to plug the exercise bike into power.
The wine fridge is locked as are some cupboards in these rooms that are 'locked'- our 'sentimentally precious' things are behind these doors and are not available for your use.

Music room

You may use any musical instrument that is left out, though not those locked away in cupboards. Use by younger children should be supervised. To use the piano, switch it on and then the monitor on the right. Select preset 1 for grand piano.

Dining room

Place mats are in the baskets and boxes in the cupboard in the Dining Room. Please use them under **hot** items on the table.

Guest Bedroom

This bedroom is available for use if you prefer it.
We call it our Guest Bedroom because we use it for visiting guests, many of whom are from overseas.
Various Australiana books are kept in this room, so feel free to browse.

Spare sheets are in Blanket box (a **complete set** is contained in a pillow slip).

Towels are in the Cupboard behind the door.

Downstairs Bathroom

Spare toilet paper, soap and fresh hand towels are found in the cupboard under the basin.

Laundry

Our Favourite Settings for washer and dryer are marked on the machines.

You will find:

- Clothes baskets and pegs for hanging clothes outdoors.
- Iron and ironing board in the tall cupboard by the door.
- Household Cleaning products (in a basket) in the Cupboard under the bench.
- Cleaning cloths in the second drawer.
- Specialised cleaning products in an overhead cupboard
- Brooms, mop and bucket in the tall cupboard by the door.
- Cushions for the outdoor chairs in the large cupboard.
- Picnic things in the large cupboard.
- Exercise equipment in the large cupboard.

Vacuum cleaners are in the cupboard under the stairs (in the hallway).
To turn the light on for this cupboard wave your hand inside and above the door, there is a sensor light that should activate. Wave again to turn it off.

Garage

Available for your use:

- Another refrigerator and freezer.
- Children's toys in marked boxes. (some are noted Not for use).
- Outdoor toys – Rackets, Bocce, Croquet etc
- Candles for outdoor use.
- Eskys (cold boxes for picnics, there are ice packs in the freezer)

Car

Subaru XV.

- Uses E10 or regular unleaded fuel.
- The car keys are in the third drawer in the kitchen.
- Comes equipped with a Pre-Paid Toll TAG which will allow you to use any toll roads.

There is also a Leaf blower for 'sweeping' the patios – it is hanging in the garage; batteries are on the grey bench.

Note: We may leave a second vehicle in the carport. It will not be available for your use.

Bicycles

Please ensure the electric bikes are locked up while here at home, and when parking the bikes anywhere in public.
There is a long cable and a pad lock to lock them on the bike rack. Pass the cable through the centre of each of the bikes frames and then lock it back onto the last bike in the row.
There are three U locks and several short cables which enable the bike and the front wheel to be locked to a solid object while out.
The bike keys are in the 3rd kitchen drawer.
If the E-bikes need to be re-charged, the chargers are up on the shelf near the helmets.

There is a BIKE RACK for use on the car. It hold up to 3 bicycles BUT we prefer to use only 2 electric bikes on it due to their weight. See Thule video for how to attach to the car.
Search: Thule EasyFold XT 3 bike tow bar Bike Rack – How to fit
or
https://www.youtube.com/watch?v=w81gF_4-Wjs#:~:text=The%20EasyFold%20is%20simple%20to,all%20types%20of%20tow%20ball.

Upstairs

Master bedroom

- Spare clean bed sheets are in the blanket box at the end of the bed. One complete sheet set is contained in a pillowcase.
- Extra quilts/blankets are in the blanket box at the end of the bed
- The Bedside drawers are available for your use.
- Extra Towels are in the Blanket Box.
- There is some hanging space and the wire drawers are available in the walk-in robe.

Massage Table
Feel free to use the massage table.

- There is massage oil on the bench behind the table.
- Please place sheets (pink trimmed sheets) under the table on the floor to catch any oil drips.
- The table extenders are in the wardrobe
- To use the hot rock, soak it in warm water.
- There is also an essential oil steamer for your enjoyment, add a few drops of your favourite oil.

Ensuite

There some supplies in the ensuite, including spare soap and toilet paper, hairdryer
There is a drawer available for your use.

Shared bathroom

Towels are provided in each bedroom; towels, face washers, hand towel.
Spare toilet paper is in cupboard under the basin in each bathroom and in a box in the cupboard under the stairs.

Spa bath
Salts and bubbles are under the basin.
If the Spa will not turn on, it means that the Switch will need to be turned on in the Electrical Meter Box. This is outside, to the left of the house as you view it from the street. A key will be required to unlock this box. The key is in the third drawer of the kitchen – it is labelled "ELECTRIC METER BOX"

Second (front) bedroom

Spare clean bed sheets are in the wardrobe shelves. One Complete Sheet Set is contained in a pillowcase.
Extra Blankets/doona are in the wardrobe.
Wardrobe space and bedside drawers are available for your use.
The Long Brown table is for bags/suitcases.

Third (back) bedroom

Spare clean bed sheets are in the drawers. One Complete Sheet Set is contained in a pillowcase.
Extra Blankets are in the drawers and Doona in the wardrobe.
Wardrobe space and bedside drawers are available for your use.

Office/Library area

The Fourth upstairs bedroom is locked and is NOT available for your use.

Some of the cupboards in the upstairs office area will be locked and are unavailable.

Jigsaw Puzzles: Other cupboards (labelled) contain toys and jigsaw puzzles that you may use. There is a Jigsaw Felt Board for use - It is in the cupboard under the stairs. It will hold a 1000 piece puzzle and may stay 'out' (on the pool table perhaps) if you do not complete a puzzle.

Books are available for you to access. Preferably, books are to stay behind when you leave. OR ASK if you really want to take the book you are still reading.

Outdoors

Outdoor furniture

- Please re-cover the outdoor furniture after use with covers where they are provided.
- Blankets/knee rugs are provided in the Basket in the living room.

Barbeque

Do not use the BBQ where it is stored, move it out to the edge of the cement or onto the gas. Otherwise smoke will fill the house and set off the smoke alarms.
Cooking tools are available in Large Kitchen Drawers and in the Picnic basket in Laundry.
Gas Bottles. There is a spare one in the garage. If required SWAP/EXCHANGE refills are available at the BP fuel station at corner of Oakey Flat Road and New Settlement Road (at the northern end of our street).
Turn the Gas ON at the gas bottle regulator tap before use and turned OFF after use.
Clean and return the BBQ to where you found it after use.

Pool

Pool toys are in the garden shed BEHIND the pool (Behind the orange wall).

Towels for the pool are in a basket on the bench or on the washing machine in the Laundry.

Sunscreen and insect repellent are in the mirrored cupboard on pergola.

Please see below (During Your Stay) for details about pool care.

Bird Watching

There are over 20 species of birds that visit or fly over our back yard.
There is a bird book and binoculars in the shelves near the veranda door.
Look out for the King Parrots who fly past just before sunset each day.

2. PRACTICAL INFORMATION

2.1 Numbers in case you need help

In addition to ours, which, as a reminder are: Kayleen: +61 429055655
Paul: +61 409055655

Here are some other numbers you can contact in case you need help:

Our neighbours

Mrs Dorothy New……Has a spare key should you need it. She is next door, Front of her house is around the corner, on 89 Pioneer Drive: **Phone:** +61 448734938

Our on-call emergency helper living in close proximity

Mrs Karen Westerveld: +61 450432382
Karen should be able to assist or get help for emergencies or general questions – for example keys, access, electrician, plumber etc.

Other Family/friends that may be able to help

These can also help with access and emergency issues as well as general questions.

Ms Glenda Bongenaar : +61 401851901
Mr Benjamin Thompson : +61 423877394

Emergency numbers

Police: 000
Ambulance: 000
Fire: 000
The operator will ask you which service (Police, Ambulance, Fire) you require.

In case of medical problems

Nearest Doctor Surgery (and our doctors are at):

Narangba Doctors (our doctor is Dr Vijaya Ajjarapu)
20 Young Road, Narangba
Phone: +61 7 3886 8812

Nearest Hospital Emergency Department (24 hours):

Caboolture Hospital
120 McKean Street, Caboolture
Phone: +61 7 5433 8888

Nearest Dentist:
Narangba Family Dental
212 Young Road, Narangba
Phone: +61 7 5355 7088

Our Dentist:
Dr Su (Dr Surekhaa Saran)
Kallangur Dental Hub
132 School Road, Kallangur
Phone: +61 7 3204 4777

First Aid Kit: There is a first aid kit in laundry, the cupboard door will be marked to show this
Fire extinguisher. In the laundry on the shelf nearest the door from the kitchen.

Plumber

Lumika Plumbing
Phone: +61 482 081 320

Electrician

Accubond Electrical (Marty)
Phone: +61 421956 684

Car

Our usual mechanic is Burpengary Tyre and Mechanical/Bridgestone Service Centre Burpengary:
178 Station Road
Burpengary
Phone: +61 7 3532 5535

Nearest Service/Fuel Station:
BP
Corner of Oakey Flat Road and New Settlement Road and Rifle Range Road, Narangba (at the end of our street).

Kayleen's RACQ membership may also be able to help for breakdown service and if towing is required. Kayleen will probably have to talk to them.
Membership number 3083 6700 5909 9733
Phone: 131111
Notify our son, Benjamin, if there is a problem with the car.

2.2 Security Passwords and codes

To access the house

FRONT DOOR KEY in LOCK BOX on the brick pillar near the front door. The code is WALTER. After you have opened the front door, please place this key back into the box. The code is required to close the box again. There is another set of keys for you in the 3rd drawer of the smaller set of kitchen drawers.
Once you have unlocked the front door

The front security screen door can be locked from the inside using the lever. However, there is no key for the screen door so it cannot be locked (or unlocked) from the outside.

Please be aware that there are thieves that target residential houses, specifically looking for cash or car keys. They have been known to enter a house ***even while someone is home***. It is sensible to lock any door (or at least latch the screen door) that you do not have eyes on.

If you lock yourself out by accident, you can always use the Lock Box to get back in.

WiFi

SSID: Thin_Lizzey3
Password: dublin1969

Security

Alarm System

Even though this is a safe neighbourhood, we did have thieves break into the house once in 2012. The alarm system is operated by the JVA remote controls on the keyset. The system will chirp once when armed and twice when disarmed. Please arm the system whenever you leave the house.
There is also an App. You may login to this at *(details to be added).*

Security Cameras

There are four security cameras, two outdoors on the front of the building and two indoors. These are all in clear view, there are NO hidden cameras. The outdoor (front) cameras run 24/7 and are recorded (on motion). The indoor dome cameras are only powered on when the alarm system is armed. They will never be powered on while you are in the house.

Server Cupboard

The internet router, Wi-Fi access point, alarm system and our file server are in the cupboard to the right of the top of the stairs. The cupboard is locked but may be left slightly open to allow air to cool the electronics.

If you have any issues with the Security, Wi-Fi etc please contact Paul or Ben.

2.3 The to-do list

During the stay

Incoming mail
The letter box key is hanging inside the Pantry door.
Please place all mail into the wooden in tray provided on the desk in the music room.

Plants that need watering
The potted plants (especially outdoor) need to be watered regularly! This is not optional, the citrus in pots on the back wall need to be watered every few days or they will die. For the rest of the potted plants, including those along the front of the house, once a week is probably enough, depending in the weather. Do not overwater the indoor pot plants.
There is a hose at each side of the house and one at the front right. There is also a watering can under the BBQ.
Many thanks for attending to these.

Taking out the trash (rubbish)
Please put bin/s out onto the footpath on Monday night (pickup is Tuesday morning).
The red lidded bin (general rubbish) goes out every week. The yellow lidded recycling bin and green lidded organics alternate every other week.
Please bring bins in by Tuesday evening.

Recycling
There is a basket in the cupboard under the kitchen sink for recyclables. Once this basket is full take them out to the yellow recycling bin.
We usually wash containers before recycling them.
Things that can be recycled:

- Plastic bottles and containers
- Glass
- Cardboard and paper

Not soft plastics!
If in doubt, put it in the red bin.

Trash
There is a bin in the cupboard under the kitchen sink for general rubbish.
Bags for lining this bin are also in this cupboard. They may be in the container hanging from the cupboard door.
This Trash goes out to the RED bin.
Please bag up all trash for the RED bin.

Composting
Coffee grounds, fruit and vegetable scraps can be composted. No fish, meat, bones or bread.
A Temporary holding container is by the sink.
This can is emptied into the tumbling compost bin – in the garden on the western side.

Please turn it over each time you place new compost into it.

Pool Care

Please make sure the water level does not drop below the line of the small black tiles around the top of the pool.
Add chlorine tablets to the floating holder at a rate of approximately one every two days. Colder weather requires less, hotter weather more. The tablets are on the top shelf in the pool pump shed, behind the wall.
There are testing strips in a container on the top shelf of the pool shed if you want to check the chlorine level.
By law, the two gates in the pool fence must be closed and latched.
If you are visiting during the winter the pool may have been “put to sleep”, in which case no maintenance is required. Ask if you are unsure.

Bathroom drains

These can get smelly. There are options to treat this under the basins in the downstairs bathroom and ensuite. Downstairs: the PVH product neutralizes the smells by balancing the level of good bacteria: Instructions for its use is on the bottle.
Upstairs is a Draino chemical product.

At the end of your stay

What to do with the sheets and towels

Note: This is the default information to be used if we have not made other arrangements in our negotiations for the home exchange.

- Place used towels and sheets in the laundry.
- Make up the beds with the extra clean sheets provided if possible.
- If the deal is that 'you are doing the cleaning', please leave the house as you found it, Guest Ready. Beds are made with clean sheets.
- Used Towels and Sheets washed, dried and put away or drying on undercover clothesline, OR leave dirty towels and sheets in laundry. **Please notify us** if you need to leave dirty sheets and/or towels.

Cleaning

As agreed in our negotiations for the home exchange.
And/or:

- Dishes are clean and put away,
- Internal bins (trash, recycling and compost) are empty and clean
- Bathrooms have been cleaned and left 'guest ready'
- Floors and carpets in all used rooms have been vacuumed
- Tiled floors have been washed (mopped)
- Outdoor spaces have been swept. Or there is 'blower' in the garage to blow dust/leaves away
- Used Surfaces are wiped/dusted

If you are paying for or contributing to cost of cleaning please ensure:

- Dishes are clean and put away.
- Dirty towels and sheets are left in Laundry.

Locking up and where to leave the keys

- Lock laundry external door (deadlock)
- Lock sliding screen doors and glass sliding doors
- Lock and chain the electric bicycles
- Lock internal door to garage
- Close all windows
- Lock front door (deadlock)

- Place the front door key back in the outdoor key lock box

Important: Please send us a message when you leave, so we can arm the alarm system.

2.4 How to use the products we have at home

Manuals for most of the kitchen appliances are included in the Manuals folder. Some are labelled with our ‘favourite’ settings.

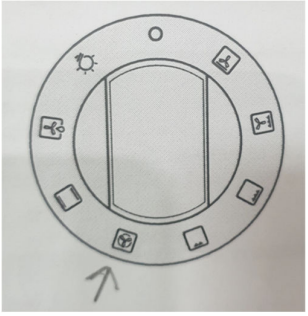
The Gas Stove top

Turn the knobs for gas, press the knobs for ignition (the clicking sound).
The ignition does not work on all knobs so use a knob that DOES produce the clicking ignition sound while turning the gas on for the hotplate you want to light. OR use the fire lighters (beside the stove) while turning on the gas.

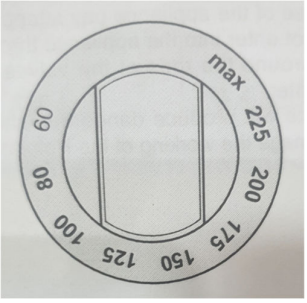
The oven is electric

Further to the manual.

Function Selection dial: Our favourite setting is fan-forced which is marked with an arrow below.



Temperature dial:



Unfortunately the numbers of the temperature setting have worn off. The most useful (approximate) temperatures are marked in black: Low/slow oven (120C), Moderate oven (approx. 150C), High oven (180C). In fan-force mode You will also find that the left side of the oven is hotter than the right side. Please try to keep the oven clean by covering fatty dishes (e.g. Roast meats). We prefer to not use the grill function for this reason.

The convection microwave

The microwave can be used as a convection oven and grill. The support racks for use on these settings are in the bottom drawer of the drawers under the microwave.
Refer to instruction manual in the Manuals Folder
Shortcut is to press The Start button – this provides one minute on high for each press.
There is a plate 'cover' to help avoid splatters. It is in the bottom drawer, below the microwave.
Besides the dinner plates and bowls, there are other microwavable (glass) cooking containers in the pantry.

Air-conditioning

For Heating and Cooling, the air conditioners are 'reverse cycle'.

Coffee Machine

The machine is a Nespresso pod machine. Sample pods are provided.

2.5 Keys

Keys:

- Key for Electrical Box, if it should be necessary, is in the third kitchen drawer
- Key for letterbox is hanging in the pantry
- Remotes for roller doors are on the Key rings we have left for your use.

2.6 Some house rules

- No smoking (or vaping) on the property.
- No food or drink in upstairs bedrooms.
- No extra guests to stay overnight without permission
- Turn Aircon and lights off when not in use.
- Always lock up when leaving the house.
- Conserve water (it is metered), don't water the lawn, use a hand-held hose for watering pots and gardens.

3. SOME RECOMMENDATIONS...

To immerse yourself in the local culture.

3.1 Where to dine

Closest favourite café and coffee: The Hideout, 22 Main Street Narangba.

Other favourite coffee and café spots – for strong coffee and good food, a little further away:

- The Old Storehouse, 30 William Street Dayboro. (country village)
- Blaktan Coffee Kitchen, 6/4-8 Burke Street, North Lakes
- Brazil and Co, 1/89 Landsborough Parade, Scarborough (beach)

Note: It can be hard to find a café open after lunch (2 pm) in Queensland.

Eating out is quite casual in Queensland, especially in the suburbs. Local choices are:

- Woodpecker Bar and Grill, Corner of Rowley and Facer Roads, Burpengary
- The Restaurant precinct at Westfield Shopping Centre, North Lakes offer various options: the best is Kinn Thai. It is best to book for this one.
- There are also eat in and take away options at Burpengary Station Village, 11 Station Road, Burpengary.

Note: Unlike Europe, restaurants close relatively early. So do not expect to arrive at 8pm, the kitchen will probably be closed.

3.2 Where to shop

** Remember to take your shopping bags**
There are shopping bags in the pantry and in the car.

Closest Grocery Store: Woolworths, Young Road Narangba.

Closest Butcher Shop: Narangba Select Meats, Narangba Village, 36 Main Street, Narangba

Closest Shopping Centre with specialty shops, eateries and cinemas: Westfield, North Lakes Drive, North Lakes.

3.3. Things to do in the region

Visit **Australia Zoo** – seek out the Australian animals: Tasmanian Tigers, Crocodiles, Emus and Wombats as well as the Koalas and Kangaroos.

Maleny: Take a day trip (not Monday as many of the shops are closed) to Maleny. Via the highway or via the back roads to Maleny Botanic Gardens and Bird World Sunshine Coast. Or

skip that expense and just visit Mary Cairncross park for a short but entertaining rainforest walk (for a gold coin donation). Picnic in the park or dine at the café.
Drive on to Maleny township, walk the main street of this 'hippie' town. Take the walking path along the Obi Obi Creek (the main street crosses it). If you walk from the bridge, upstream, behind the shops/cafés you might see a platypus. The walk continues to other viewing platforms also.

Montville: Continue on to Montville for a little town with quite a different flavour. Walk the main street and browse the shops. Lunch with a view at The Edge restaurant. The town will start closing at mid afternoon, so don't go too late. The weekend vibe is busy so be sure you book for lunch or eat outside of busy times or be patient.

Dayboro: Take another country drive a little closer to home. In 20 minutes through rural streets you will reach Dayboro, a small, quaint emerging village with cafes that are popular on the weekend and more relaxed during the week (again, don't visit on Monday and before 2pm to catch the cafes). There are markets on some weekends: google Dayboro markets if you are a markets fan.

Mount Mee: If you coffee at Dayboro and are tempted to continue a country drive, lunch at The Pitstop Café. The food may not be spectacular but the view is. The drive further north to D'Aguilar offers views of the Glass House Mountains and a round trip via Caboolture to home. If you have time explore the Mt Mee section of the D'Aguilar National Park – The Gantry picnic area, the short Picabeen Walk, and other, longer walks like Somerset Trail. There are forestry trails here for Cycling as well.

Bribie Island: Take a swim at Bribie Island, the surf beach at Woorim or the gentle waters at Bongaree. Take time for an ice-cream from the beach shops at Bongaree.

Glasshouse Mountains: Walk and climb various peaks of the Glasshouse Mountains.

Brisbane City: Visit Brisbane city by car or train (park the car at the Station is you are staying for the whole day as buses home do not run very late at night).
Southbank cafes, pool and parklands, GOMA (Gallery of Modern Art), Queensland Art Gallery, Queensland Museum, Queen Street Mall, Botanical Gardens, Riverside walks are all close together and make for a full day out.

Redcliffe: walk, ride and swim. There are footpaths and public parklands the entire 13 km length of the Redcliffe Peninsula. Starting at Scarborough (Endeavour Park at the end of Newport Drive) to the Ted Smout Bridge at Woody Point. Stop to enjoy the various features on this ride/walk: marina, Scarborough Beach, Queens Beach, Suttons Beach, Redcliffe Jetty, Redcliffe cafes, SUNDAY morning markets, BEE GEES WAY, Woody Point Jetty, views of the Brisbane Port and the ships coming and going, Planes flying in and out of Brisbane airport, views to Moreton Island, fisherman, sailboarders and other water wind craft (especially in the breezier afternoons).

Sunshine Coast: especially Caloundra – swim at Kings Beach, Fish and Chips for lunch.

Cycling:

D'Aguilar National Park, Mt Mee forestry trails.
Ewen Maddock Dam- bike and walking trails.

Trains and transport

Trains: Check TRANSLINK website to plan journeys and find timetables, or download the TransLink App.
There is a bus to the station that runs past our house, the nearest bus stops are around 200m in either direction north on Rifle Range Rd or south on Pioneer Drive.
Check what times the buses operate on TransLink.
I would suggest you drive to the station and park there. DO NOT park in the shopping centre car parks.

Taxis are not popular in our area. If you call for a taxi, it may not turn up.
UBER is likely to be more reliable.

Getting to/from the airport:
We use Uber, but we allow an extra hour in case they are late.
By Train is possible – check TRANSLINK Journey Planner. While most Brisbane local train trips are $0.50 the AirTrain is not price capped and is currently approx. $16 per person if you book on-line. See https://www.airtrain.com.au/
Try comparing costs with a dedicated Airport transport service
For example:

- Narangba Airport Transfers: Phone: 0468 321 138
- ABC Transfers: abctransfers.com.au or phone 0456 369 019

4. SOME FINAL WORDS

Make yourself at home and enjoy your stay.
We encourage you to explore the many and varied places and experiences in our local region.
We hope you enjoy exploring our part of the world as much as we enjoy living here.

Please leave everything as you found it at the end of your stay.
